

# HARRISBURG CONCERNED CITIZENS

# Harrisburg Rail Crossing Closures

We, the Concerned Citizens of Harrisburg, North Carolina oppose the proposed closings of rail crossings in Harrisburg as proposed by NC DOT Rail. Due to the enormity with which these closings impact our Town, this is the biggest issue we have ever faced in Harrisburg. We do not believe anyone in Harrisburg will benefit from these closings or High-speed Rail. The Federal Stimulus money used to build this project was intended to promote economic growth and create jobs. The proposed closures of rail crossings in Harrisburg would defeat these intended purposes.
